Please review the edits.

- I have added references to Part 5 and moved the footnotes (added some Ibids).
- I have added a new sentence to reflect EPA's authorization of the state program. I am looking for the 2018 reauthorization that was mentioned yesterday.
- I have modified the numbering formats in two places such that if a new bullet is add or deleted, the numbering will remain consistent (I noticed that the numbering in most sections are not linked).
